

Fitzwilliam High Speed Internet Survey 2020

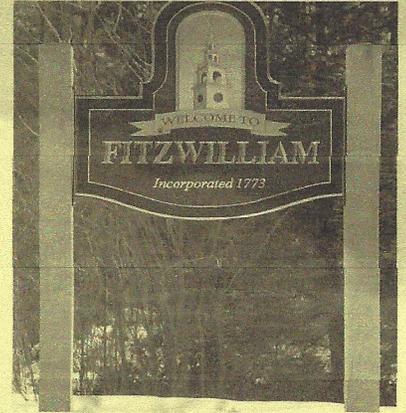

<https://tinyurl.com/t6xccsn>

This survey is the first step in a year-long process of gathering information to bring high speed internet to our town. It has gone out in the March Fitzwilliam Newsletter as well. It's important to have this data to support the analysis that must be completed in this work. The Fitzwilliam Select Board would like your help in determining Fitzwilliam's residential and business internet needs.

The following is a link to a SurveyMonkey. Please complete one survey per household. This should take about 4 minutes of your time to complete. The survey will be open through March 31st, but there's no time like the present. So start clicking!

Fitzwilliam High Speed Internet Survey 2020

"Is anyone having issues with their Internet?"

"This is the most common post ever.. We all Know it doesn't work Here. I gave up a long time ago."

Fitzwilliam Community Facebook

Reliable, high speed Internet retains and attracts young people, allows businesses to thrive, and maintains property values. The Fitzwilliam Select Board would like your help in determining Fitzwilliam's residential and business internet needs.

Broadband, is a term referring to internet access that is always on and is faster than dial-up internet access. Broadband is typically measured by how fast a user's computer can download (receive data) and upload (send data) information from the internet. Broadband is defined as a minimum of 25mbps (megabits per second) for downloading and 3mbps for uploading.
